Dubak Electrical Launches New Website

La Grange, IL (July 9, 2014) Dubak Electrical, a National leader in the Industrial Electrical, Automation, and Technology Sectors, has launched a new Website, www.dubakelectrical.com, a site aimed at informing customers around the country who Dubak is and the industries it serves for new, existing and prospective clients everywhere.

The new website features Dubak's combined comprehensive capabilities presenting its vast array of abilities. Each capability is detailed out for the customer to better understand what exactly the company has to offer and the information behind those services.

The site will be a tremendous value to industrial engineers, procurement teams, entrepreneurs, professionals, and business units. "We have yet again set the bar with our web presence and quality content as a leading Industrial Electrical Contractor." said Nick Dubak, the Chief Operating Officer of Dubak Electrical. "We expect tremendous value added through our convenient, user-friendly website."

Dubak Electrical provides the industry's most skilled craftsmanship, impeccable performance, and competitive pricing to clients across the nation. Dubak Electrical has emerged as a pacesetter and a Leader in the Industrial Electrical Construction & Maintenance field as a single source turnkey electrical group. Dubak and its methods have proven to be the cost-effective approach to reliable plant operation. Dubak Electrical has offered clients construction & maintenance programs that ultimately reduce cost and demands, while maintaining stringent quality measures.

Dubak Electrical Group is committed to maintaining the highest standards of quality, safety, leadership, and performance to our clients across the nation by way of our continuous development and commitments in the areas of culture, integrity, craft training, and safety with our merit shop team member employees.
